# HELLO,

Hello and welcome to our latest edition of Go Further, the termly magazine from The Manchester College.

If you're looking to gain qualifications that will increase your earning potential, take your career to the next level or change career entirely, our Centre of Excellence for Adult Education has something for everyone.

Depending on your starting point and goals we offer everything from Entry Level courses up to Level 6 degrees. This means that whatever your current academic level or your reason for returning to education we'll be able to help you achieve your goals.

We know that returning to education is a big decision – especially if you haven't been in a classroom for a while. However, if you are ready to commit to gaining new skills, we'll do everything we can to support you and make learning as easy as possible for you. We also know you may need the flexibility and support to enable you to achieve a balance between your academic and personal life.

You can be certain that our team are fully committed to helping you every step of the way to achieve your aspirational goals. You'll find lots more about the support we offer to adult learners to help them gain as much as they possibly can from their return to education later in this edition.

We also know that one of the biggest challenges around returning to education can be finance – that's why we have a range of finance and support options available to you. Although many of our courses are free for eligible adults, for those that need to self-fund courses we can offer advice and support.

We believe that finance shouldn't be a barrier to your future success and our Student Careers advisors will be on hand to guide you through the wide range of options on offer, including the Advanced Learner Loan – please keep reading for more details later on.

Whatever your circumstances and ambition we have the opportunities to fit around your life and the support you need to succeed. We're here to help you reach your full potential and make your dream possible.

We hope to see you soon.

*Warm regards,*

**Michael Walsh**  
Deputy Principal

# FINANCIAL SUPPORT: ADVANCED LEARNER LOAN

Are you thinking about returning to education and worried about the costs?

The Advanced Learner Loan is available for individuals aged 19+ applying to college to help them to access financial support for tuition costs. This is similar to loans available in higher education which are administered by Student Finance England.

## What is the Advanced Learner Loan?

If you're going to be aged 19 or above at the time you start a Level 3 or Level 4 course with us, you could take advantage of an Advanced Learner Loan, available from the UK government. This loan can be used to pay some, or all, of your tuition fees.

## Am I eligible?

The Advanced Learner Loan is available for those over 19 years old, studying a Level 3 or Level 4 course in further education and training. This includes:

- Access to Higher Education (HE) diplomas
- Some other certificates and diplomas.

To qualify, you'll need to have been resident in the UK for the last three years. You can also apply if you are a member of the UK armed forces serving outside of England studying distance learning. You can take out a minimum loan of £300, and the maximum loan is the full cost of your tuition fees.

If you take an Advanced Learner Loan out for an Access to HE diploma, when you progress on to a university-level course that's eligible for student finance, the loan for the Access to HE course will be written off. This simply means you won't have to repay any more of it!

**Please note:** This does not apply to all Level 3 courses.

## How do I apply?

Once you have been accepted onto your course, you'll receive a letter telling you what to do, together with the amount you need to apply for and any reference numbers needed for the application. The process is simple; there is no means testing or credit rating check. You apply online and then you don't need to do anything – your tuition fees are paid automatically.

The loan will only apply for tuition fees only. You may be eligible for your exam fees to be remitted under Welfare Benefits or low income.

You may be entitled to study a FREE course\*. If you need support with your application or any further advice, our friendly Student Careers Team will be able to assist you.

Want to learn more about the Advanced Learner Loan? Check out Episode 3 of our podcast series: **Talking TMC!** Scan the QR code to listen or visit [tmc.ac.uk/podcast](https://tmc.ac.uk/podcast)

*\*Eligibility criteria applies.*

One of the key topics discussed in our podcast is the range of barriers that often deter many adults from returning to education and how The Manchester College can help to address these. From offering flexible learning to fit around busy home lives and commitments, to providing free travel to and from College, as well as support with childcare, tuition and course fees. Our aim is to make the journey back to education as seamless as possible.

A key resource for learners is the Student Careers Team, who play a vital part in equipping our adult learners with resources and knowledge to help with their professional development and progress to a successful career. This includes creating bespoke plans to help them in their career journey. Additional support can include:

- How to write a CV
- Techniques to master job interviews
- Progression options from higher education to apprenticeships and employment
- Identifying your soft skills and interpersonal skills.

Tune into Episode 4 of Talking TMC to hear more at [tmc.ac.uk/podcast](https://tmc.ac.uk/podcast) or scan the QR code below

# HOW TO BECOME AN ACCOUNTANT

The finance sector is ever growing with over 41,000 positions available in the UK job market, with an average annual salary of £35,840. Why not explore our wide range of accounting courses to progress your career at The Manchester College?

*\*Source: adzuna.co.uk. As of February 2024*

If you're considering a career change into the finance sector, or you're already working in finance and want to progress into an accountancy role, you're in the right place. Accountants play a crucial role in the financial sector, helping individuals and businesses navigate the complexities of commerce.

Here, we'll guide you with 7 easy steps on how to become a successful accountant, and how we can support you on this journey.

## #1: Find an Accounting Qualification to Match Your Goals

The first step on your journey to becoming an accountant is to align your career goals with your chosen area of accounting.

What is your vision and ambition for your future as an accountant? Are you interested in public accounting, corporate finance, tax accounting, or something else entirely?

Your career goals will shape your path and if you aren't sure yet about your future career our Student Careers team can help to support you to set your ultimate career goals.

## #2: Becoming a Certified Accountant

Certification is a milestone that sets you apart as a professional in the accounting talent pool. It not only boosts your credibility but also unlocks doors to diverse career opportunities.

At The Manchester College, we offer various courses accredited by the AAT (Association of Accounting Technicians). We understand the importance of these certifications and are here to guide you through the process, ensuring that you are well-prepared for success.

## #3: Gaining Experience as an Accountant

Gaining practical experience in the world of accounting is invaluable. It allows you to apply your knowledge in real-world scenarios and build a professional network. Our programmes offer advice, opportunities and support that can help you balance your studies and gain hands-on experience.

## #4: Specialising in Accounting

Accounting is a diverse field with various specialisations, including bookkeeping, tax accounting, auditing, forensic accounting, and more. Exploring these options opens a world of exciting opportunities.

## #5: Networking for Success

In the accounting world, networking is more than just exchanging business cards; it's about building relationships that can shape your career.

We understand the value of a professional network and support students in networking and connecting with industry professionals. Studying with us you'll learn about the best employability and networking practices, as well as how they can influence your career journey.

## #6: Launching Your Accounting Career

After completing your education and earning your certifications, it's time to launch your accounting career. We offer our students comprehensive career support services, including job placement assistance.

Discover potential career paths for newly qualified accountants and gain insights into what to expect as you transition from education to the workforce.

## #7: Career Progression as an Accountant

Your journey as an accountant is a path of continuous growth and development. Staying updated with industry trends, regulations, and best practices is essential for career progression. Our qualifications begin from Level 1 and go up to Level 4 so you can progress your journey with us as you successfully complete each level.

Ready to crunch the numbers in a rewarding accounting career? Explore the accounting courses offered in our Business and Professional department and take the first step towards your new career today!

## TMC

### PODCAST

Tune in to our College podcast series - Talking TMC

Do you want to know more about what it's like to study at The Manchester College and what support we can offer you? Listen to our podcast series, where guests from across the College discuss various topics, including what awaits you at The Manchester College, the range of courses available, the funding and support on offer, careers guidance and so much more.

In Episode 4, we discuss the support on offer specifically for adult learners at The Manchester College. Matt Snowdon from the Student Careers Team joins our host to delve into the financial and career support available and Nzara Price, a current student, tells us how she has been supported from day one.

## STUDENT SPOTLIGHT

**Mark Crowther**  
Level 2 Diploma in  
Vehicle Fitting

### Why did you return to education?

My reason for returning to education is to get a trade. I didn't have the opportunity when I was younger. Now is the time.

### What are your plans for after your course?

I plan to get into mobile mechanics. I'll get a job in a garage at first and then build myself up to own my own van.

### What do you enjoy the most about studying here?

The thing I like the most about The Manchester College is how practical it is. You get to be really hands on, rather than being in the classroom all the time.

### What advice would you give to someone looking to return to education?

Definitely go for it. Don't hold back. You've got nothing to lose!

### How would you describe The Manchester College?

The Manchester College is brilliant.

# MEET THE TUTORS

**Darren O'Leary**  
Head of Department  
- Logistics  
Wythenshawe  
Campus

## Tell us about your experience in the industry and education.

I have over 30 years' experience in the logistics industry and I went back into the education system in my mid-thirties. My highest qualification held is the Certificate in Education.

## How and why did you get into teaching?

I applied for a position at The Manchester College to teach as I wanted to be able to help people to achieve their lifetime goals.

## Tell us why you're so passionate about your subject area?

When I am out in the big wide world and I have been asked what I do for a living, I tell them, and I usually get the same response every time, "what's logistics?". Logistics is, by far, the largest, most important industry in the world and the job opportunities are plentiful for all ages.

## What is the best piece of advice you can give to students who are considering returning to education?

It's ok to doubt yourself and wonder if you will be able to achieve the goal you're aiming for, whatever your level of education. If you use the support systems that the College has in place, for example the learners 'drop in sessions', then the qualification becomes far easier to gain (when I went back into education, I wrote my first assignment by hand and had to count the words myself, as I had no computer literacy)! So, I have been in that position and I am proof that if you work hard, you can achieve your goals.

## Why should adult learners choose to study at The Manchester College?

I work with other teachers across The Manchester College and we all share the same passion and determination to help learners to achieve their goals. The Manchester College provides real world work-based knowledge and in most cases assist with progression, either onto further learning or into employment.

**Lisa Breakey**  
Department Team  
Leader - Hair and  
Beauty  
Harpurhey Campus

## Tell us about your experience in the industry and education.

I began hairdressing at 16 after leaving school and went to train for three years, which led me to gain employment in a salon in the city centre. I have always loved all aspects of the industry and am very passionate about hairdressing, fashion and design. I also trained in wig making and make-up including paramedical camouflage make-up.

Throughout my career I have worked as a wig dresser in the city centre working on productions in Manchester Theatres, and have worked with the NHS with patients suffering from hair loss or whilst in treatment for cancer.

My role in camouflage make-up allows me to assist clients with a range of injuries, cuts, scars, burns and work with them to find suitable products to enable them to gain the confidence to face the world.

## How and why did you get into teaching?

I got into teaching 15 years ago. I was always responsible for training in the roles I worked in and love passing on my skills, knowledge and passion to others. I love to see learners grow and believe in themselves and develop successful careers in the industry.

## Tell us why you're so passionate about your subject area?

I love to create, work in a team, develop concepts and ideas in collaboration with learners. I am passionate about inspiring the next generation of stylists/artists and I find working in the industry extremely rewarding.

## What is the best piece of advice you can give to students who are considering returning to education?

Give it a try, this is not a school and you'll be doing something you truly enjoy. The ball is in your court, you can make your own life decisions.

## Why should adult learners choose to study at The Manchester College?

The teachers have current industry experience, the facilities are up to date, we use the best products (Wella, Eve Taylor, Mac), there is excellent support available and the Hair and Beauty team are one big family. We have wonderful industry guest speakers, trips and visits to Wella studios, Fenty Beauty at Harvey Nichols and Morphe in the centre of Manchester. We take part in external competitions and compete against students and professionals within the industry and have been extremely successful.

# OUR COURSES

The following pages list the adult courses we offer in 2024, their start dates and the campuses they are delivered at. Entry requirements for your chosen course can be found at **tmc.ac.uk**.

# ACCESS TO HIGHER EDUCATION

UCEN Manchester offers a wide selection of degrees as well as a range of Access courses to help you prepare for degree-level study and university. These courses differ from a usual Level 3 as they are also designed to help you develop the skills you'll need at uni like essay writing, presenting and proofreading.

# STUDY A DEGREE OR HIGHER LEVEL QUALIFICATION

Find out more about starting, changing or progressing in your career with a degree or a diploma from UCEN Manchester, courses starting in September.

## WHY CHOOSE US FOR ADULT COURSES?

### FULL-TIME, PART-TIME, A YEAR AT A TIME

Whether you entered employment at 16 or studied at college or university before starting a career, the prospect of returning to education as an adult can be daunting.

At UCEN Manchester you can build your confidence, skills, and qualifications a year at a time. At every step of the way, you can choose whether to continue your progress or take a break as it suits you with our range of one-year HNC's, HTQ's and Cert HE's.

If you continue to the next level you'll still earn a degree in three years but benefit from the peace of mind that if things change or you need a break, you can step away after a year and still hold an industry-recognised qualification.

## TUTOR BLOG: ROCHELLE MARTINEZ BUSINESS AND MANAGEMENT

Rochelle Martinez, Tutor from the School of Business and Law for UCEN Manchester, explains why our Business and Management courses regularly lead to rewarding career opportunities for our students and what we do differently from other higher education institutions.

### Flexible learning programmes

Our curriculum offer affords learners the freedom to commit to part-time or full-time employment alongside their studies and we aim to consolidate teaching hours across two consecutive days (where possible). This is especially useful for students with children and students who may need to work around their studies.

Learners are also supported by our Future U Careers and Welfare team who assists learners in acquiring relevant and valuable work experience when needed.

### Defining your university learning goals

Before embarking on your university learning journey, it is important to understand what you hope to achieve in undertaking a higher-level course.

Are there specific roles or career progression routes you aspire to? Do you recognise any areas for improvement or skill gaps you want to fill? Does your ideal career require certain skills, strengths, or hands-on experience? Reflecting on your career aspirations, personal goals and skill development objectives will provide some clarity when it comes to selecting your course.

### Tutors experienced in the sector

Another reason students enjoy studying with us is that we can share work experience insights with them. That's because our staff are experts in their field and have a varied range of professional and industry experience. Our support and dedication ensure you are guided, supported and encouraged to learn and achieve within the business and management sector.

Learners also enjoy excellent wrap-around support provided by our Future U Student Support Team who offer services ranging from proof-reading assignments to careers advice.

### Rewarding career opportunities

Our offer enables learners to progress into several career options, in areas such as human resource management, sales and marketing, and finance. Learning the fundamentals of business management provides our students with a broad understanding of the business world from managing people, marketing principles, operations, and strategic planning.

## LEAD THE FUTURE WITH A TOTAL PEOPLE APPRENTICESHIP

If you want to work, earn and learn all at the same time, then an apprenticeship with our partner organisation Total People could be your perfect step towards a rewarding career!

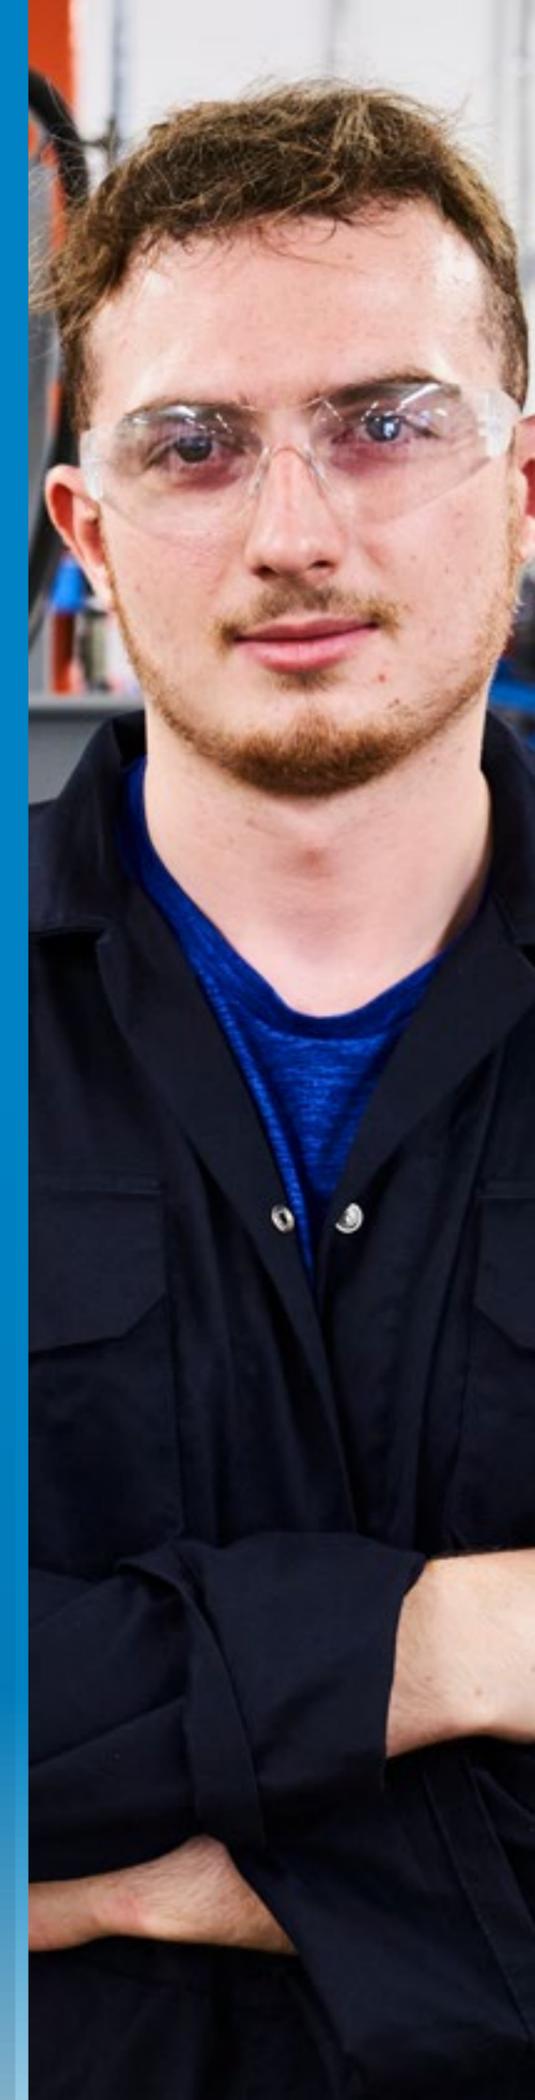

Our apprenticeships range from Level 2 to Level 5 and beyond, giving you the opportunity to eventually complete a degree level apprenticeship, fully funded and without any associated student debt.

**We offer apprenticeships in the following areas:**

- |                             |                                    |
|-----------------------------|------------------------------------|
| Accountancy                 | Engineering                        |
| Automotive                  | Human Resources                    |
| Business and Administration | Management                         |
| Customer Service            | Property                           |
| Education                   | Refrigeration and Air Conditioning |
| Early Years and Childcare   | Scaffolding                        |

### GET IN TOUCH
